Plymouth Children's Nursery Cooperative Preschool

How much?

Cost per student is \$70.00 per month.

This low tuition is offset by family involvement within the school. As a cooperative, each PCN family commits to the following membership agreement: 1. Hold a job essential to the operation of the school (i.e. housekeeping, serving on the Board, etc.); 2. Participate as assistants in the class on a rotating basis; 3. Commit to work a shift at two separate fundraisers to be held during the academic year. Please note: There are a very limited number of alternate cooperative positions which allow a family to pay additional tuition instead of rotating through the classroom. This option still requires a family job within the school and the commitment to the fundraising portion.
